

HISTORY AND DEVELOPMENT OF DANAPHA

Danapha Pharmaceutical Joint Stock Company (Danapha) was established in 1965 as one of pharmaceutical companies has a long history of development in Vietnam. In the last 50 years, Danapha had come through many ups and downs of the war time, the subsidy period and the inert economy before our equitization in 2007. Since then, Danapha has moved forward strongly and created a steady position in Viet Nam pharmaceutical market and now is ready for international opportunities.

1965

Mid - Central Coast Pharmaceutical Factory (K25) was founded.

1975

The Factory moved to Da Nang after the liberation of Southern Vietnam.

1976
